He is also the author of the acclaimed book Adaptive Capacity, a columnist of El Mercurio newspaper in Chile, international keynote speaker, and member of the network Young Global Leaders of the World Economic Forum.

ABOUT HIS EXPERIENCE

As founder and director of the Center for Leadership and Adaptation he has spread a new outlook on leadership that has been used with great success in postgraduate programs and executive courses in different countries in Latin America, being recognized in many occasions for his teaching ability. The Center has also served as a platform to reunite an international community of professors and practitioners committed to social progress.

As author, he has written numerous papers and case studies. His book "Adaptive Capacity", published in 2014 in the United States and translated into Spanish in 2015, with a second edition in 2016, has received international distinctions and is used as a mandatory text in several business schools in Latin America.

As international speaker, he has been invited to forums in more than 15 countries in Latin America, Europe, United States, and Australia, in topics related to leadership, social change and organizational adaptation.

As opinion maker, he is a columnist for El Mercurio newspaper and an active participant in debates in the media, having been a panelist on the main television program on political analysis in Chile, Tolerancia Cero.

As member of the Young Global Leaders international network of the World Economic Forum, which brings together the main leaders under the age of 40 in the world, and for which he was elected in 2006, he has participated in various international forums and initiatives aimed at generating progress in global and systemic issues, co-founding, in

additon, the Network of Leaders of El Mercurio and the Universidad Adolfo Ibáñez, which brings together a thousand leaders under the age of 35 in Chile.

As founder and principal partner of CLA Consulting, an international top management consulting firm specialized in leadership and organizational change, he has worked with companies in Latin America such as: Banco Itaú, Salsa, Walmart, Telefonica, Empresas Copec, P & O Nedlloyd, Oracle, Empresas CMPC, ING, Cencosud, Chilquinta, Anglo American, Emel, Agrosuper, Consalud, Komatsu, Mapfre, Coopeuch, SMU, Santander Bank, Endesa, Procter & Gamble, Kimberly Clark, General Motors, Codelco, Sura, Citibank, Bayersdorf, Bagó Laboratories, CPFL, Serasa -Experian, BancoEstado, MetLife, Aguas Andinas, Grupo Peñaflor, ISA, Grupo Romero, Bata, Minera El Tesoro, Antofagasta Minerals, Ernst & Young, Escondida Minera, Clínica Alemana, Ditec Automóviles, Pucobre, Mutual de Seguridad, Corpbanca, among others. PROGRAMAS

Adaptive Capacity: How organizations can thrive in a changing world

In today's business world, change of many kinds—technological, economic, social, and environmental—is outpacing the ability of organizations to predict it and manage it. As a result, the single most important capacity any company can develop is the power to adapt to change, and to do so rapidly, intelligently, and effectively. In **ADAPTIVE CAPACITY: How Organizations Can Thrive in a Changing World**, Juan Carlos Eichholz—business consultant and acclaimed professor—offers a compelling analysis of the adaptive challenge and a set of practical tools any leader can use to improve an organization's ability to adapt.

Eichholz examines the five crucial dimensions across which a company must improve its adaptive capacity—purpose, strategy, structure, culture, and talent. His insights are brought to life through vivid examples involving organizations ranging from HP and Google to Telefonica and the US Marines. Readers will develop a new appreciation for this most crucial aspect of contemporary leadership as well as a host of ideas they can begin using immediately to thrive in a changing world.
